Paul W. Riegert

Dedication

We, the surviving authors, dedicate the *Biography of Entomologists* to the memory of Paul W. Riegert, Fellow and a former President of the Entomological Society of Canada, who died 9 May 2002. Paul was Chairman of the Heritage Committee from 1982 to 1995 and in this capacity and independently through his writings, did as much and perhaps more than anybody to preserve the heritage of the Society.

BIOGRAPHIE DES ENTOMOLOGISTES DANS LES PUBLICATIONS CANADIENNES

by / par Douglas C. Eidt, Paul W. Riegert, and Edward C. Becker

Bibliographic search for the works of entomologists is a fine art in which members of our profession are very accomplished. Learning about entomologists themselves is more difficult. Riegert (1980), a history of entomology in Western Canada, is the only book, to our knowledge, that reveals the personalities of Canadian entomologists as well as their accomplishments. Personal glimpses of many entomologists are found in the comprehensive review of Glen (1956) written on the occasion of the International Congress of Entomology in Montreal and that of Spencer (1964) written on the 100th anniversary of the Entomological Society of Canada. Alma Criddle (1973) gives a very personal look at the early western Canadian entomologist, Norman Criddle, and their pioneer family. Glen refers to the geographically limited reviews of Bethune (1898), Hewitt (1915), Gibson (1924), Lochhead (1904), Caesar (1938), Pickett and Payne (1938), Maheux (1939), and Gibson (1939). Entomological service by the federal government was reviewed in an unpublished manuscript by Gibson (1951). Accounts are scattered among various publications of Agriculture Canada (now Agriculture and Agri-Food Canada) in connection with its one hundredth anniversary in 1986: in addition to the comprehensive book "One Hundred Harvests" (Anstey 1986), booklets were written for most if not all their establishments, most of which supported some entomological activity.

Having spent considerable time searching for references to entomologists, we offer an index to those found in Canadian entomological periodicals to the end of year 2000, in hopes that it will save others having to tread the same difficult path. Some proceedings, such as those of the Acadian and Saskatchewan societies were distributed only to members with the caveat that citation without permission was not allowed.

La recherche bibliographique est un art dans lequel les entomologistes sont maîtres. Cependant, il est difficile d'obtenir des renseignements sur les entomologistes eux-mêmes. À notre connaissance, le livre de Riegert (1980), une histoire de l'entomologie dans l'Ouest canadien, est le seul qui révèle tant la personnalité que les réalisations des entomologistes canadiens. Un aperçu personnel de plusieurs entomologistes peut cependant être trouvé dans le compte rendu détaillé de Glen (1956) écrit à l'occasion du Congrès international d'entomologie tenu à Montréal et dans l'article de revue écrit par Spencer (1964) pour le 100^{ième} anniversaire de la Société d'entomologie du Canada. Alma Criddle (1973) a aussi porté un regard tout personnel sur Norman Criddle, un des premiers entomologistes de l'Ouest canadien, et de sa famille de pionniers. Glen cite différentes revues dont le sujet est limité géographiquement : Bethune (1898), Hewitt (1915), Gibson (1924), Lochhead (1904), Caesar (1938), Pickett et Payne (1938), Maheux (1939), et Gibson (1939). Le personnel de la section d'entomologie du gouvernement fédéral a été inventorié dans un manuscrit non publié écrit par Gibson (1951). Des comptes rendus épars peuvent être retrouvés dans diverses publications d'Agriculture Canada (maintenant Agriculture et agroalimentaire Canada) produites lors du centième anniversaire en 1986. En plus d'un livre détaillé "One Hundred Harvests" (Anstey 1986), des brochures incluant une section dédiée à l'entomologie ont été publiées par la plupart des établissements gouvernementaux.

Ayant investi une quantité considérable de temps à la recherche de références sur les entomologistes, nous vous offrons un index de celles que nous avons trouvé dans les périodiques canadiens d'entomologie jusqu'à la fin de l'année 2000, en espérant que ce condensé d'information permettra de sauver du temps à ceux et celles qui voudront parcourir à leur tour ce sentier parsemé d'embûches. Quelques comptes rendus de congrès, tels ceux des sociétés acadiennes et de la Saskatchewan, sont distribués seulement aux membres de ces sociétés ce qui cause certains problèmes de permission lorsqu'on veut les citer.

Quaestiones Entomologicae, Mem. ESC and *Mem. Soc. ent. Québec* contain no biographical references. *Tableau* (a Research Branch, Agriculture Canada, newsletter, 1970-1987) is indexed separately from the above entomological journals and newsletters because it was concerned with all agricultural disciplines only within the Research Branch. Outsiders were mentioned (and indexed) as visiting scientists, participants in courses, and other Branch activities.

Quaestiones Entomologicae, Mem. ESC et *Mém. Soc. ent. Québec* ne contiennent aucune référence biographique. *Tableau* (section de la recherche, Agriculture Canada, Bulletin, 1970-1987) est répertorié séparément des journaux et bulletins ci-dessus mentionnés parce qu'il concerne seulement les disciplines agronomiques de la section de la recherche. Les gens venant de l'extérieur sont mentionnés et répertoriés comme étant des scientifiques invités, des participants à des cours, et activités d'autres sections.

INDEX TO BIOGRAPHY / INDEX DES BIOGRAPHIES

Included are full biographies such as retirements, photos, and awards, obituaries, and also brief notices of honours, appointments, promotions, etc. and deaths and retirements where full accounts were not found, but not travel, papers given, etc. unless these have some special significance. We know there will be omissions and errors in the list; it is next to impossible to check every entry.

Cette section inclut les biographies complètes telles les retraites, photos, récompenses, les notices nécrologiques, et aussi de brèves mentions honorifiques, nominations, promotions, etc., mais les voyages, présentations orales, etc., ne sont pas inclus, sauf s'il s'agit d'un événement marquant. Nous savons que cette liste souffre de certaines omissions et erreurs; il est presque impossible de vérifier chacune des données.

ACKNOWLEDGEMENTS

The journals searched were not all available in any one library. Likewise, the holdings of any journal in a library are rarely complete. To fill the gaps, we consulted many persons who generously sent photocopies, loaned volumes and entire sets, sent duplicate old or current issues, and even did searches for us: **Richard Anderson**, Librarian, Agriculture and Agrifood Canada, Fredericton, N.B., **Dr. Robb Bennett**, British Columbia Ministry of Forests, Saanichton, B.C., **Gilles Bizier**, Bibliothécaire, Centre Forestière des Laurentides, St. Foy, P.Q., **Dr. Kenneth Fry**, Alberta Research Council, Vegreville, **David Hull**, Librarian, University of Guelph, Ont. and Archivist for the Entomological Society of Ontario, **Christine Jean**, Département de Biologie, Université Laval, Sainte-Foy, P.Q., **Dr. Daniel Johnson**, Agriculture and Agrifood Canada, Lethbridge, Alta., **Dr. Robert Lamb**, Agriculture and Agrifood Canada Research Station, Winnipeg, Man., **Dr. Barry Lyons**, Great Lakes Forestry Centre, Sault St. Marie, Ont., **Dr. Jon Sweeney**, Atlantic Forestry Centre, Fredericton, N.B., **Darlene Tan**, Librarian, Atlantic Forestry Centre, Fredericton, N.B. For nearly all French translations, we thank **Dr. Lucie Royer**, CFS Atlantic Forestry Centre, Corner Brook, Newfoundland, and her ESC Bilingualism Committee.

REMERCIEMENTS

Les revues scientifiques consultées ne sont pas toutes disponibles en un seul endroit et la collection d'une bibliothèque est rarement complète. Nous avons donc dû consulter plusieurs personnes qui ont généreusement envoyé des photocopies de numéros anciens et récents, des volumes et séries complètes, et qui ont même fait des recherches pour nous : **Richard Anderson**, Bibliothécaire, Agriculture et Agroalimentaire Canada, Frédéricton, N.B., **Dr Robb Bennett**, Ministère des forêts de la Colombie Britannique, Saanichton, C.B., **Gilles Bizier**, Bibliothécaire, Centre de foresterie des Laurentides, St. Foy, P.Q., **Dr Kenneth Fry**, Conseil de recherche de l'Alberta, Vegreville, **David Hull**, Bibliothécaire, Université de Guelph, Ont., et archiviste à la Société d'entomologie d'Ontario, **Christine Jean**, Département de Biologie, Université Laval, Sainte-Foy, P.Q., **Dr Daniel Johnson**, Agriculture et Agroalimentaire Canada, Lethbridge, Alta., **Dr Robert Lamb**, Agriculture et Agroalimentaire Canada, Winnipeg, Man., **Dr. Barry Lyons**, Centre de foresterie des Grands Lacs, Sault St. Marie, Ont., **Dr Jon Sweeney**, Centre de foresterie de l'Atlantique, Frédéricton, N.B., **Darlene Tan**, Bibliothécaire, Centre de foresterie de l'Atlantique, Frédéricton, N.B. Pour la plupart des traductions française, nous remercions **Dr. Lucie Royer**, SCF Centre foresterie de l'Atlantique, Corner Brook T-N.

ADDENDUM FOR INDEX TO BIOGRAPHY OF ENTOMOLOGISTS IN CANADIAN PUBLICATIONS, 2001-2005

ADDENDUM AU INDEX DES BIOGRAPHIES DES ENTOMOLOGISTES DANS LES PUBLICATIONS CANADIENNES, 2001-2005

by/par Cedric Gillott & Jean-Pierre Bourassa

The Index (**Bull. Ent. Soc. Can. 35(1):17-48, March, 2003**) was several years in the making. For its authors (D.C. Eidt, P.W. Riegert, and E.C. Becker) it was a true 'labour of love', as all these individuals had a long-standing, deep interest in the biographies of their fellow entomologists. Eidt *et al.* found 16 Canadian publications that contained biographical information. These included journals and newsletters issued by the national and regional entomological societies, as well as the federal Division of Entomology's Newsletter. Included separately in the Index was biographical information on entomologists abstracted from *Tableau*, a newsletter published by the Research Branch of Canada Agriculture, October 1970 to March 1987. The authors also examined *Quaestiones Entomologicae*, *Memoirs of the Entomological Society of Canada*, and *Mémoires de la Société d'entomologie du Québec*, but found these had no biographical references.

The Index covered the period from 1869, when *The Canadian Entomologist* and the *Proceedings of the Entomological Society of Ontario* began publication, to the end of 2000. Not surprisingly, as Eidt *et al.* noted, no library had all the periodicals searched or even complete sets of a single publication. Thus, Eidt *et al.* relied heavily on, and were most grateful to, librarians and other individuals who supplied photocopies, loaned documents, or even did searches.

A major change has occurred in recent years in terms of information accessibility; that is, almost all the Canadian periodicals searched for entomological biographies are now also available on the internet. This has greatly simplified the task of preparing this first addendum to the Index. Very rarely, biographical information has been found *only* on a society's web page and does not appear in printed form.

La préparation de l'Index (Bull. Ent. Soc. Can. 35(1) : 17-48, mars 2003) fut un travail s'étendant sur plusieurs années. Pour ses auteurs (D.C. Eidt, P.W. Riegert et E.C. Becker), c'est le résultat d'une véritable passion liée à leur intérêt manifeste pour les biographies de leurs collègues entomologistes. Eidt *et al.* ont répertorié 16 publications canadiennes renfermant des informations biographiques. Ces publications comprenaient aussi bien des journaux que des bulletins provenant de sociétés d'entomologie nationales et régionales, tel le Bulletin de la Division fédérale d'entomologie. Aussi, l'Index retient des informations biographiques tirées de *Tableau*, un bulletin publié par la Division de la recherche d'Agriculture Canada, paru d'octobre 1970 à mars 1987. De plus, les auteurs ont consulté les revues *Quaestiones Entomologicae*, *Memoirs of the Entomological Society of Canada* et les *Mémoires de la Société d'entomologie du Québec*, sans toutefois relever des informations biographiques.

L'Index couvrait la période allant de 1869, alors que le *Canadian Entomologist* et les *Proceedings of the Entomological Society of Ontario* débutèrent leur édition, jusqu'à la fin de 2000. Eidt *et al.* notèrent, sans surprise, qu'aucune bibliothèque ne possédait tous les périodiques recherchés ou même la collection complète de l'un d'eux. Ainsi, Eidt *et al.* comptaient beaucoup sur les bibliothécaires et autres personnes qui pouvaient leur fournir des photocopies, prêter des livres et qui faisaient même des recherches pour eux; ils étaient très reconnaissants envers ces collaborateurs.

Récemment, un changement majeur survint dans l'accessibilité de l'information; la plupart des revues et périodiques canadiens consultés dans la recherche de biographies d'entomologistes sont maintenant disponibles sur Internet. La préparation de ce premier Addendum à l'Index fut grandement facilitée. Mais, très rarement, les informations ont été trouvées uniquement à partir de pages électroniques d'une société ou étaient disponibles sur papier.
